

## RESTAURANT GRANT

### Do you want a grant of \$2500?

The City of Sumner is offering a grant from our CARES Act funding to help our restaurants make it through the latest lock down restrictions. There's no question that our traditional dine-in restaurants are being negatively impacted further.

### However, we must spend this money by November 19—that's Friday.\*

All we need from you is to finish/sign this form and provide it with a W-9 as soon as possible (no later than Friday at 4 pm) so we can cut your checks next week to meet the Federal spending deadline. This is a straight grant—no strings attached.

My W-9 is attached.

This doesn't seem to be going away soon. Please add my email to a distribution list for future resources/information from the City.

By signature below, I represent that my restaurant in Sumner has been, or will be, financially impacted by COVID19 and the restrictions on indoor dining implemented by the Governor and the State of Washington.

**\*Why such late notice?** We had been in Phase 2 and relied on other support including our social media grants, County's forgivable loans and Restaurant Rally to support our restaurants. However, given Sunday's announcement, we're redirecting funds that would have supported other City expenses or went unused by our residents.
